

## Table Talk Dec 12, 2011

**Curling Clinic.** We want to thank Brian Rice for putting on an excellent clinic to help curlers and giving everyone pointers on the correct curling techniques. We had 14 participants. Committee chair was Camilla Vautour and assisted by Mariette Demers.

**Curl for Cancer.** We have to postpone the event from Saturday January 07, 2012 to March as the chairperson was unable to do it. The club decided to look at early March as it gives us time to organize. If you would be interested in working on this event, please see Louis Emile Daigle.

**Miramichi Seniors** are here Wednesday as part of a home and home visit. We want to welcome them and hope they enjoy themselves.

**Team Night.** The match committee has been meeting to finalize a new schedule as the current one finishes this week. They expect to have a new schedule for Wednesday.

**Gallants Ladies Bonspiel.** The master copy of the food list was misplaced. All ladies are asked to check if your name is on the food list (bulletin board) and what you like to bring. The committee is meeting Thursday to finalize plans so please help them.

**Hannay's Men's Open Bonspiel.** Want to remind members to register your team. Last year we had 40 teams looking to curl and we can only have 32 teams. Chair person is Shawnessey Gallagher.

**From December 26 – January 01,** there is no scheduled curling. During this time we will be doing necessary floor maintenance and additional cleaning to prepare the building to be at its best for the balance of the curling season. We do have a wedding reception on December 31 which may be a first for us.

**Future Clinic.** A clinic is planned for Friday January 06, 2012. Clinic will cover strategy, weight control of rocks and curling tips. Clinic is being done by Brian Rice and is being organized by Camilla Vautour.
